

2018-19 BENEFICIAL MANAGEMENT PRACTICES PROGRAM APPLICATION INTAKE WINDOWS

Application intake windows are being introduced for the 2018-19 Beneficial Management Practices (BMPs) program. The intent is to distribute funds in a more targeted and streamlined fashion. The first-come, first-served, single application timing window approach for applications has not worked well in the past.

BMP funding will be initially allocated to the four groupings of BMP Practices Codes. Specifics of Practice Codes in each grouping can be found in Table 1. The four groupings and application dates are:

1. Supplementary Management Plans and Technical Design Projects

- Begin accepting applications on *June 18th, 2018* with closure subject to funding availability

2. Long Term Complex or Construction Projects

- Application window: *July 3rd to July 17th, 2018* *
- Initial ranking will give preference to projects directly related to nutrient management

3. Short Term Projects or Equipment Purchases

- Application window: *July 30th to August 13th, 2018* *
- Initial ranking will give preference to projects directly related to nutrient management

4. Irrigation Projects - Category 18 (Practice Codes 1804, 1805, 1806)

- Application window: *July 3rd to August 13th, 2018* *
- All projects will be subjected to a detailed review using the information required under General Policy Statement 21 (2018-19 BMP List)

* Applications will be accepted during the Application windows or until funds are fully committed

TABLE 1 2018-19 BMP PROJECT PRACTICE CODE GROUPINGS					
Short Term/Equipment Projects (2 nd intake)		Irrigation (1st intake)		Long Term Complex or Construction Projects (1st intake)	
Project Completion within 90 Days		Project Completion within 140 days		Project Completion within 140 days	
Practice Code	Project Type	Practice Code	Project Type	Practice Code	Project Type
301	equipment	1804	installation	201	construction
403	equipment	1805	installation	501	construction
802 A	equipment	1806	installation	601	construction
802 B	equipment			704	construction
805	equipment			802 C	equipment
1302	equipment			803	construction
1601 A	equipment			901	construction
1601 B	equipment			1001	installation
1601 C	equipment			1002	installation
1802	equipment			1003	installation
1902	acquisition			1004	planting
2206	equipment			1005	installation
3202	equipment			1006	installation
3203	equipment			1101	construction
3302-1	equipment			1701	construction
3302-2	equipment			1901	planting
3302-3	equipment			2201	installation
3304	equipment			2202	installation
3305	equipment			2203	installation
3307	equipment			2204	installation
3308	equipment			2205	planting
3310	equipment			2207	planting
3101-3	acquisition			3101-1	construction
				3101-2	construction
				3201	installation
				3303	equipment
Technical Design (on going intake)		Management Plans (on going intake)			
Practice Code	Project Type	Practice Code	Plan Type		
204	design	1602	Collect & Monitor Activity		
503	design	3401	VBP Plan		
603	design	2401	NMP Plan		
804	design	2501	IPM Plan		
1007	design	2601	GMP Plan		
1102	design	2801	BDMP Plan		
1702	design	2901	IMP Plan		
3102	design	2902	WMP Plan		
3309	design	3001	RMP Plan		
		3301	Energy Assessment Plan		

For more details on the eligible items, caps and cost shares for each BMP Practice Code refer to the **2018-19 Beneficial Management Practices Program List** – available at www.bcefp.ca or contact the Program at:
