

# 2019-20 BENEFICIAL MANAGEMENT PRACTICES PROGRAM

## Application Timing Windows

An application window approach has been put in place for acceptance and processing of incentive-based beneficial management practices (BMPs). The intent is to distribute funds in a more targeted and streamlined fashion. A first come first served single window application review has not worked well in the past. Funding will be initially allocated to the five groupings of BMP Practices Codes. Specifics of Practice Codes in each grouping can be found in Table 1. The five groupings are:

1. Long Term Complex or Construction Projects
  - Application window *April 9<sup>th</sup> to April 30<sup>th</sup>, 2019 \**
  - Initial preference will be given to projects directly related to nutrient management
2. Engineering or Technical Design Projects
  - Application window *April 9<sup>th</sup> to July 5<sup>th</sup>, 2019* with closure subject to funding availability
3. Supplementary Management Plans
  - Begin accepting applications on *April 9<sup>th</sup>, 2019* with closure subject to funding availability
4. Short Term Projects or Equipment Purchases
  - Application window *May 14<sup>th</sup> to June 7<sup>th</sup>, 2019 \**
  - Initial preference will be given to projects directly related to nutrient management
5. Irrigation Projects
  - Application window *April 9<sup>th</sup> to May 14<sup>th</sup>, 2019 \**
  - Category 18 (Practice Codes 1804, 1805, 1806)
  - No region or commodity restrictions as all projects will be subjected to merit-based review and ranking using the information required under General Policy Statement 23 (2019-20 BMP List)

*\* Applications will be accepted during the Application Intake Windows or until BMP Program Funds are fully committed.*

**2019-20 BMP PROJECT PRACTICE CODE GROUPINGS**

<b>Short Term/Equipment Projects (2<sup>nd</sup> intake)</b>	<b>Irrigation (1st intake)</b>	<b>Long Term Complex or Construction Projects (1st intake)</b>
<b>Project Completion within 90 Days</b>	<b>Project Completion within 140 days</b>	<b>Project Completion within 140 days</b>
105 equipment/installation	1804 installation	201 construction
301 equipment	1805 installation	501 construction
403 equipment	1806 installation	601 construction
802 A equipment		704 construction
802 B equipment		802 C equipment/construction
805 equipment		803 construction
905 equipment/installation		901 decommissioning
1302 equipment		902 construction
1601 A equipment		903 construction
1601 B equipment		904 construction
1601 C equipment		1001 installation
1602 acquisition		1002 installation
1802 equipment		1003 installation
2206 equipment		1004 planting
3202 equipment		1005 installation
3203 equipment		1006 installation
3302-1 equipment		1101 construction
3302-2 equipment		1701 construction
3302-3 equipment		1901 planting
3304 equipment		2201 installation
3305 equipment		2202 installation
3307 equipment		2203 installation
3308 equipment		2204 installation
3310 equipment		2205 planting
3101-3 acquisition		2207 planting
		3101-1 construction
		3101-2 construction
		3201 installation
		3303 equipment
<b>Engineering or Technical Design (restricted intake period)</b>	<b>Management Plans (on going intake)</b>	<b>Detailed Management Plans (on going intake)</b>
204 design	2401 (A) NMP Plan (EP)	106 Leak assessment
503 design	2501 Pest Plan	804 Compost design
603 design	2601 Grazing Plan	2401 (B) NMP Plan (QP)
1007 design	2901 Irrigation Plan	3301 Energy assessment
1102 design	2902 Water Plan	
1702 design	2801 Biodiversity Plan	
3102 design	3001 Riparian Plan	
3309 design	3401 Vegetative Buffer Plan	

For more details on the eligible items, caps and cost shares for each BMP Practice Code refer to the **2019-20 Beneficial Management Practices Program List** – available at [www.bcefp.ca](http://www.bcefp.ca) or contact the Program at:
