

2020-21 BENEFICIAL MANAGEMENT PRACTICES PROGRAM

Application Timing Windows

An application window approach has been put in place for acceptance and processing of incentive-based beneficial management practices (BMPs). The intent is to distribute funds in a more targeted and streamlined fashion. This is to improve on the first come first served application process that was used in previous years. Funding will be initially allocated to the five groupings of BMP Practices Codes. Specifics of Practice Codes in each grouping can be found in Table 1. The six groupings are:

1. Farm Projects impacted by compliance with *Code of Practice for Agricultural Environmental Management (AEMCoP)*
 - Application window *April 6th to April 24th, 2020 **
2. Long Term Complex or Construction Projects
 - Application window *April 20th to May 8th, 2020 **
 - Initial preference will be given to projects directly related to nutrient management
3. Engineering or Technical Design Projects
 - Application window *April 6th to July 3rd, 2020* with closure subject to funding availability
4. Supplementary Management Plans
 - Begin accepting applications on *April 6th, 2020* with closure subject to funding availability
5. Short Term Projects or Equipment Purchases
 - Application window *May 18th to June 5th, 2020 **
 - Initial preference will be given to projects directly related to nutrient management
6. Irrigation Projects
 - Application window *April 6th to May 1st, 2020 **
 - Category 18 (Practice Codes 1804, 1805, 1806)
 - No region or commodity restrictions as all projects will be subjected to merit-based review and ranking using the information required under General Policy Statement 23 (2020-21 BMP List)

** Applications will be accepted during the Application Intake Windows or until BMP Program Funds are fully committed.*

Ver 3: Mar 2, 2020

2020-21 BMP PROJECT PRACTICE CODE GROUPINGS

AEMCoP Impacted Projects (1st intake)	Long Term Complex or Construction Projects (2nd intake)	Short Term / Equipment Projects (3rd intake)
Project Completion within 90 Days	Project Completion within 140 Days	Project Completion within 140 days
105 equipment/installation	802 C equipment/construction	802 A equipment
301 equipment	901 decommissioning	802 B equipment
403 equipment	902 construction	805 equipment
3203 equipment	903 construction	905 equipment/installation
	904 construction	1302 equipment
Project Completion within 140 Days	1001 installation	1601 A equipment
	1002 installation	1601 B equipment
201 construction	1003 installation	1601 C equipment
501 construction	1004 planting	1602 acquisition
601 construction	1005 installation	1802 equipment
704 construction	1006 installation	2206 equipment
803 construction	1101 construction	3202 equipment
1701 construction	1901 planting	3302-1 equipment
	2201 installation	3302-2 equipment
	2202 installation	3302-3 equipment
	2203 installation	3304 equipment
Irrigation Projects (1st intake)	2204 installation	3305 equipment
	2205 planting	3307 equipment
Project Completion within 140 days	2207 planting	3308 equipment
1804 installation	3101-1 construction	3310 equipment
1805 installation	3101-2 construction	3101-3 acquisition
1806 installation	3201 installation	
	3303 equipment	
Engineering or Technical Design (1st intake restricted period)	Supplementary Management Plans (1st intake - on going)	Detailed Management Plans (on going intake)
204 design *	2401 (A) NMP Plan (EP)	106 Leak assessment *
503 design *	2501 Pest Plan	804 Compost design *
603 design *	2601 Grazing Plan	2401 (B) NMP Plan (QP) *
1007 design	2801 Biodiversity Plan	3301 Energy assessment
1102 design	2901 Irrigation Plan	
1702 design	2902 Water Plan	
3102 design	3001 Riparian Plan	
3309 design	3401 Vegetative Buffer Plan	

Note: Applications for Engineering or Technical Design, and Detailed Management Plan Practice Codes marked with *, will be given preference over others.

For more details on the eligible items, caps and cost shares for each BMP Practice Code refer to the **2020-21 Beneficial Management Practices Program List** – available at www.bcefp.ca or contact the Program at:
